

proposing to enter into a *de minimis* settlement pursuant to Section 122(g)(4) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, (CERCLA), 42 U.S.C. 9622(g)(4). This proposed settlement is intended to resolve the liability under CERCLA of Joseph Smith and Sons, Inc. ("Joseph Smith"), for response costs incurred by the United States Environmental Protection Agency at the Jack's Creek/Sitkin Smelting Superfund Site, Maitland County, Pennsylvania.

DATES: Comments must be provided on or before October 18, 1995.

ADDRESS: Comments should be addressed to the Docket Clerk, United States Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania, 19107, and should refer to: In Re: Jack's Creek/Sitkin Smelting Superfund Site, Maitland County, Pennsylvania, U.S. EPA Docket No. III-94-40-DC.

FOR ADDITIONAL INFORMATION CONTACT: Daniel Isales (215) 597-4774, or Pamela Lazos (215) 597-8504, United States Environmental Protection Agency, Office of Regional Counsel, (3RC22), 841 Chestnut Building, Philadelphia, Pennsylvania, 19107.

Notice of De Minimis Settlement

In accordance with Section 122(i)(1) of CERCLA, 42 U.S.C. 9622(i)(1), and Section 7003(d) of the Solid Waste Disposal Act, 42 U.S.C. 6973(d), notice is hereby given of a proposed administrative settlement concerning the Jack's Creek/Sitkin Smelting Superfund Site in Maitland County, Pennsylvania. The administrative settlement was signed by the United States Environmental Protection Agency, Region III's Regional Administrator on June 30, 1995 and is subject to review by the public pursuant to this Notice. The agreement is also subject to the approval of the Attorney General, United States Department of Justice or her designee and for the grant of a covenant not to sue for damages to natural resources, is also subject to agreement in writing by the Department of the Interior ("DOI").

The settling party has agreed to pay \$14,066.18 to United States Environmental Protection Agency toward EPA CERCLA response costs and \$506.25 to DOI for damages to natural resources, subject to the contingency that the Environmental Protection Agency may elect not to complete the settlement based on matters brought to its attention during the public comment period established by this Notice.

EPA is entering into this agreement under the authority of Sections 122(g) and 107 of CERCLA, 42 U.S.C. 9622(g) and 9607. Section 122(g) of CERCLA, 42 U.S.C. 9622(g), authorizes early settlements with *de minimis* parties to allow them to resolve their liabilities under, inter alia, Section 107 of CERCLA, 42 U.S.C. 9607, to reimburse the United States for response costs incurred in cleaning up Superfund sites without incurring substantial transaction costs. The grant of a covenant not to sue for damages to natural resources by DOI to those parties paying their share of such allocated costs is subject to agreement in writing by DOI pursuant to Section 122(j) of CERCLA, 42 U.S.C. 9622(j).

The Environmental Protection Agency will receive written comments upon this proposed administrative settlement for thirty (30) days from the date of publication of this Notice. Moreover, pursuant to Section 7003(d) of the Solid Waste Disposal Act, 42 U.S.C. 6973(d), the public may request a meeting in the affected area. A copy of the proposed Administrative Order on Consent can be obtained from the Environmental Protection Agency, Region III, Office of Regional Counsel, (3RC20), 841 Chestnut Building, Philadelphia, Pennsylvania, 19107 by contacting Daniel Isales at (215) 597-4774 or Pamela Lazos at (215) 597-8504.

W.T. Wisniewski,

Acting Regional Administrator, EPA Region III.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Approved by Office of Management and Budget

September 11, 1995.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1980, Pub. L. 96-511. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

Federal Communications Commission

OMB Control No.: 3060-0106.

Expiration Date: 08/31/98.

Title: Reports of Overseas Telecommunications Traffic—Section 43.61.

Estimated Annual Burden: 2,370 total annual hours; 14.81 hours per response; 160 respondents.

Description: The telecommunications traffic data report is an annual reporting requirement imposed on common carriers engaged in the provision of overseas telecommunications services. The reported data is useful for international planning, facility authorization, monitoring emerging developments in communications services, analyzing market structures, tracking the balance of payments in international communications services, and market analysis purposes. The reported data enables the Commission to fulfill its regulatory responsibilities.

OMB Control No.: 3060-0511.

Expiration Date: 08/31/98.

Title: ARMIS Access Report, FCC Report 43-04.

Estimated Annual Burden: 172,500 total annual hours; 1150 hours per response; 150 respondents.

Description: The Access Report is needed to administer our accounting, jurisdictional separations and access charge rules, and to analyze revenue requirements and rates of return and to collect financial and operating data from all Tier 1 local exchange carriers.

OMB Control No.: 3060-0512.

Title: ARMIS Quarterly Report.

Estimated Annual Burden: 132,000 total annual hours; 220 hours per response; 150 respondents.

Description: The Quarterly Report is needed to administer the accounting, jurisdictional separations and access charge rules, and to analyze revenue requirements and rates of return and to collect financial and operating data from all Tier 1 local exchange carriers.

Federal Communications Commission.

William F. Caton,

Acting Secretary.

[Report No. AUC-95-06]

Auction Notice and Filing Requirements for 493 BTA Authorizations for Multipoint Distribution Service in the 2 GHz Band, Scheduled for November 13, 1995

AGENCY: Federal Communications Commission.

ACTION: Public notice.

SUMMARY: This Public Notice, released September 5, 1995, announced the auction and filing requirements for the 493 BTA authorizations for the Multipoint and/or Multichannel Distribution Service (MDS) in the 2 GHz

Band, scheduled to begin November 13, 1995. The Public Notice included, as an Appendix, an upfront payment schedule. On September 12, 1995, the FCC's Wireless Telecommunications Bureau issued another Public Notice with a revised upfront payment schedule, which differed slightly from September 5, 1995 Appendix and supersedes the schedule previously published. Both the September 5, 1995 and the September 12, 1995 Public Notices should be read together. These Public Notices are directed toward the Commission's goal of efficiently distributing the unused MDS spectrum through competitive bidding, and are designed to assist prospective bidders in preparing for the upcoming MDS auction.

FOR FURTHER INFORMATION CONTACT: The FCC auction contractor, Tradewinds International, Inc., at (202) 637-FCC1 (637-3221).

The complete text of the Public Notice dated September 5, 1995 follows. Copies of this item is available for public inspection in Room 207, 2033 M Street, NW., Washington, DC and may also be obtained from the FCC copy contractor, ITS, Inc. at (202) 418-0620, and the FCC auction contractor, Tradewinds International, Inc. at (202) 637-FCC1 (637-3221).

Report No. AUC-95-06, Auction No. 6, September 5, 1995

I. Introduction

On Monday, November 13, 1995, the Federal Communications Commission (FCC or Commission) will commence a simultaneous multiple round auction for 493 authorizations to provide single channel Multipoint Distribution Service (MDS) and Multichannel Multipoint Distribution Service (MMDS), collectively referred to as MDS. The frequencies allocated to MDS are as follows: 2150-2156 MHz (designated as Channel 1); 2156-2162 MHz (designated as Channel 2) or 2156-2160 (designated as Channel 2A); 2596-2602 MHz, 2608-2614 MHz, 2620-2626 MHz, and 2632-2638 MHz (designated as Channels E1, E2, E2, and E4, respectively); 2602-2608 MHz, 2614-2620 MHz, 2626-2632 MHz, and 2638-2644 MHz (designated as Channels F1, F2, F3 and F4, respectively); 2650-2656 MHz, 2662-2668 MHz, and 2674-2680 MHz (designated as Channels H1, H2 and H3, respectively). In 1992, the frequency spectrum of 2160-2162 MHz was reallocated to emerging technologies, and thus, any subsequent MDS use of these 2 MHz will be secondary. The authorizations to be auctioned will authorize the construction of facilities to

provide service on the usable MDS channels within the 493 Basic Trading Area (BTAs) and BTA-like areas in the United States. A channel is usable if the proposed station design is in compliance with the Commission's interference standards. The channels allocated to MDS, when supplemented with leased channels from the Instructional Television Fixed Service (ITFS), are generally used to provide multichannel video programming service (popularly referred to as "wireless cable") to subscribers.

In each of the 493 BTAs, one authorization will be offered for bid. Bidders should note that MDS is a service heavily encumbered with previously authorized and proposed MDS and ITFS facilities. Most of the thirteen MDS channels have already been authorized in the largest metropolitan areas, especially in the eastern half of the United States. Given the limited amount of usable MDS spectrum remaining and the presence of incumbents in most BTAs, each prospective bidder should carefully evaluate the BTAs in which it is interested prior to the commencement of bidding. The attached Appendix lists the market number, authorization number and population of each BTA, as well as the upfront payment amount associated with each BTA and reduced upfront payment amount for eligible small businesses.

The precise schedule for bidding in the first week of the auction will be announced approximately two weeks prior to the start of the auction. Unless otherwise announced, bidding will be conducted on each business day until bidding has stopped on all BTA service areas. Bidding in this auction will only be permitted from remote locations, either electronically (by computer) or telephonically.

Those wishing to participate in the auction must submit a "short-form" application on FCC Form 175-M in accordance with the Commission's rules and instructions in this Public Notice and in the Bidder Information Package. Applicants should be aware that the FCC Form 175-M is a revised form specifically for this MDS auction and will be the only form accepted for filing. The FCC Form 175-M must be received no later than 5:30 p.m. Eastern Daylight Time on Tuesday, October 10, 1995, and must be received either electronically or manually pursuant to the instructions set forth in the Bidder Information Package. Applicants for the MDS auction are encouraged to file their FCC Form 175-M electronically. Applicants should also be aware that only those applicants who file applications

electronically will be permitted the option to bid electronically. Applicants who file their applications manually will only be permitted to bid telephonically. Limited instructions regarding electronic filing are contained in this Public Notice. More detailed instructions on electronic filing will be contained in the Bidder Information Package. Applicants whose FCC Forms 175-M have been accepted will be required to submit an upfront payment (in U.S. dollars) to be eligible to participate in the auction. As detailed in Section II.B. of this Public Notice, the upfront payment must be made by wire transfer or cashier's check payable to the "Federal Communications Commission" or "FCC" and must be received on or before Monday, October 30, 1995, at the Mellon Bank in Pittsburgh, Pennsylvania. No other form of payment will be accepted.

A. Bidder Information Package

Prospective bidders who have already contacted the FCC Auction Hotline expressing an interest in MDS will receive the Bidder Information Package for the MDS auction approximately ten to fifteen business days from the issuance of this Public Notice. Other prospective applicants may obtain the Bidder Information Package for the MDS auction by contacting Tradewinds International, Inc., at (202) 637-FCC1 (637-3221).

The FCC recently issued a Report and Order (WT Docket No. 95-69, 60 Fed. Reg. 38,276 (July 26, 1995)) establishing fair and reasonable fees for Bidder Information Packages. Although all prospective applicants who request a Bidder Information Package will receive their first copy of this package for free, additional copies will be provided at a cost of \$16.00 per package (including postage). Payment for additional Bidder Information Packages may be made by Visa/Master Card or check payable to the "Federal Communications Commission" or "FCC" and mailed to Tradewinds International, Inc.

The Bidder Information Package will contain the following information:

1. A list of BTA authorizations to be offered simultaneously;
2. Detailed procedures, terms and conditions of the auction;
3. Detailed instructions regarding the completion and filing of the FCC Form 175-M, including instructions on electronic filing and remote access of FCC Form 175-M applications filed with the Commission;
4. Electronic and telephone bidding procedures;
5. All applications/forms needed to participate in the FCC Auction;

a. A short-form application to participate in the auction (FCC Form 175-M) for bidders who intend to file manually. Additionally, a supplemental form (FCC Form 175-S) will be included for those who wish to apply for more than five markets.

b. An FCC Remittance Advice Form (FCC Form 159) to be submitted by each bidder with its upfront payment, and by each winning bidder with its down payment, final payment and installment payments, if applicable (as described below), including instructions on filling out the form and samples of completed FCC Form 159s;

c. A registration form to participate in the FCC's Auction Seminar to be held at the FCC's auction facility in Washington, D.C. on Tuesday, October 24, 1995. This seminar is only for applicants whose FCC Forms 175-M have been filed;

d. An order form for the purchase of remote electronic bidding software;

6. Wire transfer instructions;

7. A partial bibliography of auction specific FCC rules and regulations;

8. The Report and Order in MM Docket No. 94-131 and PP Docket No. 93-253, FCC 95-230 (released June 30, 1995), summarized at 60 Fed. Reg. 36,524 (July 17, 1995) (MDS Report and Order), which modified the MDS application process and adopted competitive bidding procedures for MDS. This MDS Report and Order contains the amended part 21 rules pertaining to MDS and a draft application for an MDS authorization (FCC Form 304 or "long-form" application) to be submitted after the auction by winning bidders to obtain a station license;

9. An FCC Licensee Qualification Report (FCC Form 430), which must be submitted after the auction by winning bidders as part of their Form 304 long-form applications or statements of intention; and

10. Other general auction information.

B. Relevant Authority

Prospective Bidders must familiarize themselves thoroughly with the procedures, terms and conditions (collectively, "Terms") contained in the Second Report and order in PP Docket No. 93-253, 9 FCC Rcd 2348 (1994), 59 Fed. Reg. 22,980 (May 4, 1994), Second Memorandum Opinion and Order in PP Docket No. 93-253, 9 FCC Rcd 7245 (1994), 59 Fed. Reg. 44,272 (Aug. 26, 1994); the Erratum to the Second Memorandum Opinion and Order in PP Docket No. 93-253 (Oct. 19, 1994); and the MDS Report and Order (collectively referred to as "the Relevant Orders"). The rules contained in the Relevant

Orders, this Public Notice, and Terms in the Bidder Information Package are not negotiable. Prospective bidders should review these auction documents thoroughly prior to the auction to make certain that they understand all of the provisions and are willing to be bound by all of the Terms before participating in the auction.

Potential bidders should also be aware of several items pending before the Commission that affect MDS. Thirteen petitions for reconsideration have been filed requesting that the Commission reconsider and/or clarify certain aspects of the MDS Report and Order. In addition, numerous members of the wireless cable industry have filed a request for a declaratory ruling asking that the Commission examine current MDS and ITFS operational requirements that were adopted before digital compression technology was envisioned, and reinterpret them appropriately for digital operations. Further, the Commission has announced the opening of an ITFS filing window from October 16-20, 1995. Prospective bidders should consider the impact of these pending matters in their valuation of the BTA service areas before submitting any bids in the auction.

The information contained in this Public Notice and in the Bidder Information Package may be amended or supplemented by the Commission at any time. The Commission will issue Public Notices to convey the new or supplemental information to prospective bidders. It is the responsibility of all prospective bidders to remain current with all FCC rules and with all Public Notices pertaining to this auction. Copies of FCC documents, including Public Notices, may be obtained for a fee by calling International Transcription Service, Inc. at (202) 857-3800. Additionally, prospective bidders may retrieve some of these documents from the FCC Internet node via anonymous FTP at [fcc.gov](ftp://fcc.gov).

II. Bidder Eligibility

In order to be eligible to bid in the MDS auction, bidders must (i) satisfy the Commission's eligibility requirements; (ii) submit a short-form application on FCC Form 175-M (and Form 175-S if necessary); and (iii) remit an upfront payment in compliance with applicable FCC rules and regulations. To meet the eligibility requirements for participation in this auction, prospective bidders must be qualified to receive a BTA authorization and an MDS station license. See 47 C.F.R. § 21.923. All prospective applicants should review carefully each of the

rules contained in subparts A, B, C, D, E and K of Part 21 of the Commission's rules, as amended by the MDS Report and Order, as well as Subparts I and Q of Part 1 of the Commission's rules.

Bidders that qualify as small businesses or as small business consortia are eligible for reduced upfront payments (see Section II.B), bidding credits of 15% (a discount on the winning bid price) and installment payments (which allow eligible winning bidders to pay the net amount of their winning bids in installments). Small businesses are entities that, together with their affiliates, have average annual gross revenues that are not more than \$40 million for the preceding three calendar years. See 47 C.F.R. §§ 21.960 and 21.961 for eligibility criteria and other terms pertaining to reduced upfront payments, bidding credits and installment payments. These special measures available to small businesses in the MDS auction are also discussed in the Bidder Information Package.

Winning bidders claiming eligibility as small businesses should note that they will be required to file supporting documentation to establish that they qualify as small businesses. See 47 C.F.R. § 21.960(e). Winning bidders claiming eligibility as small businesses may be subject to audits by the Commission to confirm bidder eligibility. See 47 C.F.R. § 21.960(f) and (g).

A. Short-Form Application (FCC Form 175-M)

In order to be eligible to bid, applicants must submit an FCC Form 175-M application to the Commission. This application must be received by the FCC no later than 5:30 p.m. Eastern Daylight Time on Tuesday, October 10, 1995. Late applications will not be accepted. Applications may be submitted electronically, by hand delivery, by certified U.S. mail (return receipt requested) or by private courier. Applicants should consult the detailed application procedures provided in the Bidder Information Package before submitting their FCC Form 175-M.

1. Completion of Form 175-M

Because of the significance of the FCC Form 175-M application to the auction, it is important to take note of the following requirements. Applicants will be required to complete all the items on the FCC Form 175-M. Applicants should carefully review §§ 1.2105(a)(2), 21.952 and 21.960(e) of the Commission's rules prior to completing FCC Form 175-M. In completing an FCC Form 175-M, applicants should note the following:

a. Applicants should apply for all authorizations for which they seek bidding eligibility. Bids will not be accepted for authorizations for which a applicant has not applied on its FCC Form 175-M.

b. For "Auction Number," applicants filing manually should enter "6".

c. Applicants will be required to create a ten-digit FCC Account Number, which the Commission will use to identify and track applications. Applicants must create this FCC Account Number by using their taxpayer identification number (TIN) with a prefix of "O" (i.e., 0123456789). If, and only if, an applicant does not have a taxpayer identification number, the applicant may use its ten-digit area code and telephone number (i.e., 5552345678). Each applicant must use this same number when submitting additional information or material regarding its application, including on its FCC Form 159 (FCC Remittance Advice) accompanying any required auction deposits or payments submitted to the Commission. This number also must be used whenever an applicant writes, calls, or otherwise inquires about its application. Qualified bidders will need this number to participate in the auction.

d. Applicants must indicate on their FCC Form 175-M, if applicable, their status as a rural telephone company, minority-owned business, women-owned business and/or small business. See 47 C.F.R. §§ 1.2110(b), 21.961. The indication of applicants' status as a rural telephone company, minority-owned business or woman-owned business is for statistical purposes only. In Item #10, by checking the appropriate box to indicate status as a small business, an applicant certifies that it is eligible for the special measures available to small businesses, i.e., that, together with its affiliates, the applicant has annual gross revenues of less than \$40 million. See 47 C.F.R. §§ 21.960, 21.961(b). All applicants should pay particular attention to the provisions of 47 C.F.R. §§ 1.2110, 21.960 and 21.961, relating to designed entities.

e. Applicants must identify on the FCC Form 175-M the market number for each authorization on which they seek bidding eligibility. The market number for each BTA is listed in the attached Appendix. The upfront payment amounts for each BTA are also included in this Appendix so that applicants can calculate upfront payments amounts required to be eligible to bid on the largest combination of "activity" or "bidding" units on which the applicants anticipate being active in any single round of bidding. See Section II.B below

and the MDS Report and Order for detailed information about upfront payments. Applicants should note that the BTAs in the attached Appendix have been organized within the corresponding Major Trading Area (MTA). BTA service areas are based on Rand McNally 1992 Commercial Atlas & Marketing Guide, 123rd Edition, at pages 38-39. Rand McNally organizes the 50 states and the District of Columbia into 487 BTAs. Six additional BTA-like areas will be licensed separately. They are:

- (1) American Samoa;
- (2) Guam;
- (3) Northern Mariana Islands;
- (4) Mayagüez/Aguadilla-Ponce, Puerto Rico. Consisting of the following municipios: Adjuntas, Aguada, Aguadilla, Añasco, Arroyo, Cabo Rojo, Coama, Guánica, Guayama, Guayanilla, Hormigueros, Isabela, Jayuya, Juana Díaz, Lajas, Las Marías, Mayagüez, Maricao, Maunago, Moca, Patillas, Peñuelas, Ponce, Quebradillas, Rincón, Sabana Grande, Salinas, San Germán, Santa Isabel, Villalba, and Yauco;
- (5) San Juan, Puerto Rico (including all other municipios not included in Mayagüez/Aguadilla-Ponce); and
- (6) United States Virgin Islands.

f. Applicants must list the name(s) of the person(s) authorized to represent them at the auction (up to a maximum of three). Only those individuals listed on the Form 175-M will be authorized to submit and withdraw high bids for the applicant during the auction.

g. Applicants should read the "certifications" on the FCC Form 175-M carefully before submitting their application. Applicants who file their FCC Form 175-M applications electronically will not be required to transmit an original or electronic signature. However, similar to a manually filed FCC Form-M, upon submission, the certifying official has made the representation that he/she is an authorized representative of the applicant for the authorization(s) selected, and that he/she has read the instructions and the certifications and that all matters and things stated in the application and attachments, including exhibits, are true and correct. These certifications help to ensure a fair and competitive auction and require, among other things, disclosure of certain information on agreements or arrangements concerning the auction. Submission of a false certification to the Commission may result in penalties, including monetary forfeitures, BTA authorization and/or station license forfeitures, and ineligibility to participate in future auctions, and/or criminal prosecution.

h. If the Commission wishes to communicate with the applicant by mail, telephone or fax, such communications will be directed to the contact person identified on the FCC Form 175-M. A space has been provided for both a telephone number and a fax number. All written communications will be directed to the applicant at the address specified on the FCC Form 175-M. (Applicants must provide a street address; P.O. Box addresses should not be used.)

i. Applicants must attach an exhibit providing the name, citizenship and address of all partners, if the applicant is a partnership; of a responsible officer or director, if the applicant is a corporation; of the trustee, if the applicant is a trust; or, if the applicant is none of the foregoing, list the name, address and citizenship of a principal or other responsible person.

j. Applicants must attach an exhibit identifying all parties with whom they have entered into any consortium arrangements, joint ventures, partnerships or other agreements or understandings which relate in any way to this auction.

k. Microfiche copies of the FCC Form 175-M and 175-S are required for all manual submissions in excess of five pages. For this auction, the FCC will allow submission of a 3.5" diskette, in lieu of microfiche, which contains ASCII text (.TXT) files of all exhibit documentation attached to the FCC Form 175-M.

2. Electronic Filing of FCC Form 175-M Applications

The Commission recently implemented a remote access system to allow applicants to submit their FCC Form 175-M applications electronically. The remote access system for initial filing of the FCC Form 175-M applications will generally be available 24 hours per day beginning at approximately the same time as the release of the Bidder Information Package. FCC Form 175-M applications that are filed electronically using this remote access system must be submitted and confirmed by 5:30 p.m. Eastern Daylight Time on Tuesday, October 10, 1995. Late applications or unconfirmed submissions of electronic data will not be accepted. The electronic filing process consists of an initial filing period and a resubmission period to make minor corrections. (See Paragraph 5. *Procedures after FCC Form 175-M Applications are Filed and Process for Minor Corrections* below.) Detailed filing instructions will be provided in the Bidder Information Package.

Those applicants who wish to file their FCC Form 175-M electronically or review other FCC Form 175-M applications on-line will need the following hardware and software.

Hardware Requirements

- CPU: Intel 80386 or above (80486 or faster recommended).
- RAM: 8MB RAM (more recommended if you have multiple applications open).
- Hard Disk: 10MB available disk space.
- 1.44MB 3.5" Floppy Drive (to install the remote system).
- Modem: v.32bis 14.4kbps Hayes compatible Modem.
- Monitor: VGA or above.
- Mouse or other pointing device.
- Three 1.44MB Floppy Disks.

Software Requirements

- FCC-provided application software (will be available via Internet or the FCC Bulletin Board Service).
- PPP Asynchronous Communications Package that is Winsock v1.1 compliant (tested—Trumpet v2.0b, NetManage Chaneleon v4.1, Wollongong Pathway Access for Windows v3.2.¹
- Microsoft Windows 3.1 or above, or Microsoft Windows for WorkGroups v.3.11 or above.¹

Applicants who wish to file their FCC Form 175-M applications electronically through the FCC Remote Access System must first download the FCC-provided application software from either the Internet or the FCC Bulletin Board System. Applicants should note that previous versions of the Remote FCC Form 175 software will not work. Applicants must download the version specific to this auction, FCC175v3.exe.

Internet Access

In order to download the compressed file from Internet, you will need to have access to the Internet and an ftp client software as follows:

FTP: The following instructions are for the command line version of ftp.

- (1) Connect to the FCC ftp server by typing ftp fcc.gov.
- (2) At the user name prompt, type anonymous [Enter].
- (3) At the password prompt, type your Internet e-mail address [Enter].
- (4) To allow the file to be downloaded type: binary [Enter].
- (5) Change your current directory to the FCC175 directory by typing: cd/pub/Auctions/MDS/BTA/FCC175 [Enter].

(6) Use the get command to download files from the FCC ftp server by typing: get F175V3.EXE [Enter].

(7) If you wish to exit, type: bye [Enter].

Gopher: gopher.fcc.gov or use any gopher to get to "all the gophers in the world" then 'U.S.' then 'DC' then 'FCC'.

World Wide Web: ftp://fcc.gov.

Dial-In Access to the FCC Auction Bulletin Board System (BBS)

The FCC Auction Bulletin Board System provides dial-in access for the FCC-provided application software. In order to access the FCC Auction BBS, use a communications package that can handle at least xmodem protocol (e.g., pcAnyWhere, Telix, Procomm) to dial in to (202) 682-5851. Use the settings of 8 data bits, no parity and 1 stop bit (8,N,1).

For New Users Follow Steps 1-6, Otherwise Go to Step 7

(1) Type New, [Enter]. If the word ANSI is blinking, type Y for yes. If the word ANSI is not blinking, type N for No.

(2) Type in your first and last name and press [Enter]. This will be your login name.

(3) Type in your Telephone number and press [Enter].

(4) Type in your Fax number and press [Enter].

(5) Type in what you want your password to be and press [Enter].

(6) Retype the password for verification and press [Enter].

Once the Account Is Generated

(7) Type M for MDS Auction Files and press [Enter].

(8) Type P for Programs and Applications and press [Enter].

(9) Move the cursor to the file named F175V3.EXE and type [Control]-D (hold the Ctrl key down and press the D key) for Download and press [Enter].

(10) Type the letter representing the transfer protocol desired and press [Enter]. How the file is downloaded and where it gets downloaded depends on the transfer protocol package used.

(11) Repeat steps 10 and 11 to download additional files, or press X and [Enter] to Exit the screen.

To Exit

(12) Type X to Exit and press [Enter] and continue to do so until asked if you want to Exit the BBS. Press Y for Yes when asked to verify your leaving.

The FCC-provided application software available through Internet and the Auction BBS will be in a self-extracting compressed file format. Once the compressed file has been

downloaded, you will need to generate the installation disks.

To generate the installation disks, type F175V3.EXE/! and press [Enter].

The extracted files will be executable programs for submitting and reviewing FCC Form 175-M applications along with a README.TXT file. The text file will provide instructions for installing the software on the applicant's personal computer. For technical assistance in downloading, extracting, installing or using the FCC application software contact the FCC Technical Support Hotline at (202) 414-1260.

3. Manual Filing of FCC Form 175-M

For those applicants who file manually, whether mailed, hand delivered or sent by private courier, applications must be addressed to: Office of the Secretary, Attn: Auction 6 Short-Form Processing, Federal Communications Commission, 1919 M Street, NW., Room 222, Washington, DC 20554.

Applications will not be accepted if delivered to any other location.

Applicants who wish to file manually should note that the FCC Form 175-M has been revised specifically for this auction. Only the revised FCC Form 175-M will be accepted for filing. Additionally, applicants should be aware that if they file manually they will only be permitted to submit their bids telephonically. Electronic bidding is reserved for parties who submit their applications electronically.

4. Application Fee

No application fee need accompany the FCC Form 175-M for the auction.

5. Procedures After FCC Form 175-M Applications Are Filed and Procedures for Minor Corrections

After the deadline for filing the FCC Form 175-M applications has passed, the Commission will process all applications to determine whether they are acceptable for filing. The Commission will issue a Public Notice listing all applications which are accepted for filing, rejected, and those which have minor defects that may be corrected. The Public Notice will also announce the deadline for filing corrected applications. As described more fully in the Commission's general auction rules and in the MDS Report and Order, applicants may make minor corrections to their FCC Form 175-M applications. Applicants will not be permitted to make major modifications to their applications. In particular, failure to sign a manually filed FCC Form 175-M cannot be corrected and will cause the application to be

¹ The FCC is in the process of testing Windows95. Contact the FCC Technical Support Hotline at (202) 414-1260.

dismissed and the applicant to be ineligible to participate in the auction. See 47 C.F.R. §§ 1.2105(b); 21.952(c). Applicants who file their FCC Form 175-M application electronically will not be required to transmit an original or electronic signature.

After the deadline for resubmitting corrected applications, the Commission will release another Public Notice announcing all applications that have been accepted for filing, including applicants who have corrected defective applications.

B. Upfront Payments

In order to be eligible to bid in the auction, applicants must submit an upfront payment together with an FCC Remittance Advice, FCC Form 159. The upfront payment will be due on Monday, October 30, 1995. A sample FCC Form 159 and further instructions for making auction payments will be included in the Bidder Information Package.

All payments must be made in U.S. dollars, must be in the form of a wire transfer or cashier's check, and must be made payable to the "Federal Communications Commission" or "FCC." No other form of payment will be accepted. Cashier's checks must be drawn on a financial institution whose deposits are insured by the Federal Deposit Insurance Corporation (FDIC). All payments whether by wire transfer or cashier's check, must be made to the Mellon Bank by Pittsburgh, Pennsylvania. Payments made by cashier's check must be received by 11:59 p.m. Eastern Standard Time, Monday, October 30, 1995. Payments made by wire transfer must be received by 3:00 p.m. Eastern Standard Time, Monday, October 30, 1995. Bidders making payments by wire transfer should allow sufficient time for the wire transfer to be confirmed.

Failure to deliver the upfront payment in a timely manner will result in dismissal of the application and inability to participate in the auction.

A bidder should calculate its upfront payment on the basis of the largest combination of "activity" or "bidding" units on which the bidder anticipates being active in any single round of bidding. (The number of bidding units associated with any particular BTA equals the amount of the upfront payment for that BTA, as set forth in the attached Appendix. These upfront payments were calculated by the Commission, taking into account the population and the approximate amount of usable spectrum in each BTA.) The combination of bidding units on which a bidder is active in a round equals the

sum of the bidding units associated with the BTAs on which the bidder has submitted a bid, or on which the bidder is the standing high bidder. The upfront payment submitted by each applicant is not attributed to specific BTA service areas but instead will define the largest combination of bidding units on which the applicant will be permitted to bid in any single round of bidding. Thus, if an applicant submits a \$100,000 total upfront payment, the applicant could be active in any single round on two BTA service areas with 50,000 bidding units each, on five BTAs with 20,000 bidding units each, on ten BTAs with 10,000 bidding units each, or on any combination of BTAs for which the sum of associated bidding units totals 100,000 or less. See MDS Report and Order at ¶¶ 135-137.

An applicant may, on its FCC Form 175-M, apply for every authorization being offered, but the total upfront payment submitted by the applicant will determine the combinations of BTA service areas on which the applicant will actually be permitted to be active in any single round of bidding.

A prospective bidder in the MDS auction that claims status as a small business will be eligible for a 25% reduction in its upfront payment requirement. Thus, a bidder claiming eligibility as a small business and wishing to be eligible to bid on a particular BTA service area will be required to submit an upfront payment equal to 75% of the upfront payment specified for bidders who don't qualify for the small business credits. A small business eligible for this reduction in its upfront payment will not have the number of its bidding units decreased as a result of submitting a reduced upfront payment. For example, if a small business applicant wants to be eligible to bid on a BTA with an upfront payment of \$100,000, it will be required, under the reduced upfront payment measure, to submit only \$75,000 to qualify to bid on that BTA. This applicant will still, however, receive 100,000 bidding units—the number of bidding units equivalent to the full upfront payment amount associated with that BTA. See MDS Report and Order at ¶ 138.

The Commission will issue a Public Notice announcing all qualified bidders for the MDS auction. Qualified bidders are those whose FCC Form 175-M applications have been accepted for filing and who have submitted timely upfront payments sufficient to make them eligible to bid on at least one of the BTA authorizations applied for on the FCC Form 175-M application.

III. Auction Event and Bidding Rounds

The MDS auction will begin at 9:00 a.m. Eastern Standard Time on Monday, November 13, 1995. The precise schedule for bidding in the first week of the auction will be announced two weeks prior to the start of the auction.

Generally bids will be submitted twice each day during the first three days of bidding. The Commission may, however, increase or decrease the amount of time for bid submission as well as the number of rounds per day depending upon such factors as the bidding activity level or the aggregate amount of high bids.

IV. Auction Procedures

The BTA authorizations will be awarded through a simultaneous multiple round auction. Bids will be accepted on all BTA service areas in each round of the auction until bidding stops on all BTAs. See Section IV.E for specific information about stopping rules. High bid amounts will be posted after the end of the bid submission period in each round of bidding. Information regarding all valid bids submitted and all bid withdrawals in each round also will be provided along with the minimum accepted bids for the next round.

A. Number of Authorizations That May Be Acquired

The Commission has imposed no limitations on the number of BTA authorizations that any one entity may acquire in the MDS auction.

B. Bid Submission and Withdrawal Procedures

Bidders that are eligible to bid electronically, those that filed their FCC Form 175-M electronically, may order the auction bidding software by filling out the order form contained in the Bidder Information Package. The cost of the bidding software is \$175 plus \$25 for shipping and handling. Qualified bidders that use the remote electronic auction system will be charged \$2.30 per minute pursuant to the recently issued Report and Order (WT Docket No. 95-69, 60 Fed. Reg. 38,276 (July 26, 1995)). All qualified bidders also have the option to submit and withdraw high bids telephonically through an "800" number which will be provided in the registration materials.

1. Bid Submission

Details will be set forth in the Bidder Information Package on the procedures to be used in bidding.

2. Bid Withdrawals

A high bidder that wants to withdraw one or more of its high bids during the course of the auction may do so during the bid withdrawal period subject to the withdrawal penalty specified in Section 21.959(a)(1) of the Commission's rules, 47 C.F.R. § 21.959(a)(1).

C. Minimum Bid Increments and Tie Bids

The minimum bid increment is the amount or percentage by which a bid must be raised above the previous high bid in order to be accepted as a valid bid in the current round. The amount of the minimum accepted bid for each BTA service area (the sum of the minimum bid increment and the high bid from the previous round) will be announced before the beginning of each round. The Commission may, in its discretion, raise or lower the amount of the minimum bid increment at any time during the auction. The Commission generally will raise the amount of the minimum bid increments early in the auction and when bidding activity is high. Conversely, the Commission will generally lower the minimum bid increments towards the end of the auction and when bidding activity is low. There will be no minimum opening bids for any of the BTA service areas in the MDS auction and no minimum bid increment for a BTA service area until that BTA has received a bid.

Each bid will be date and time stamped when it is entered into the computer system. In the event of tie bids, the Commission will identify the high bidder on the basis of the order in which bids are received by the Commission, starting with the earliest bid.

D. Activity Rule

In order to ensure that the auction closes within a reasonable period of time, the Commission will impose an activity rule to discourage bidders from waiting until the end of the auction before participating. The activity rule provides for three stages with increasing levels of bidding activity required in each stage in order for a bidder to maintain its current eligibility.

We note that the required activity level in Stage I and Stage II of the MDS auction will be relatively high so as to increase the pace of the auction, which is needed to ensure a timely completion given the large number of authorizations being offered. In Stage III of the auction the required activity level will be higher than in Stages I and II, but will still provide bidders with some flexibility to shift their bids to other BTA service areas.

A bidder will be considered active on a BTA service area in the current round if it is either the high bidder at the end of the bid withdrawal period in the previous round or submits a bid in the current round which meets or exceeds the minimum accepted bid. A bidder's activity level in a round is the sum of the "activity" or "bidding" units associated with the BTA service areas on which the bidder is active. The minimum required activity levels for each stage of the MDS auction are as follows:

Stage One: During the first stage of the auction, a bidder that wishes to maintain its current eligibility is required to be active on BTA service areas encompassing at least 50% of the bidding units for which it is currently eligible. Failure to maintain the requisite activity level will result in a reduction in the amount of bidding units associated with BTAs upon which a bidder will be eligible to bid in the next round of bidding (unless an activity rule waiver is used). During the first stage, if activity is below the required minimum level, eligibility in the next round will be calculated by multiplying the current round activity by two (2/1).

Stage Two: In each round of the second stage, a bidder who wishes to maintain its current eligibility is required to be active on BTA service areas encompassing at least 80% of the bidding units for which it is eligible in that particular round. During the second stage, if activity is below the required minimum level, eligibility in the next round will be calculated by multiplying the current round activity by five-fourths (5/4).

Stage Three: In each round of the third stage, a bidder who wishes to maintain its current eligibility is required to be active on BTA service areas encompassing 95% of the bidding units for which it is eligible in that particular round. In the final stage, if activity in the current round is below 95% of current edibility, eligibility in the next round will be calculated by multiplying the current round activity by twenty-nineteenths (20/19).

As stated above, activity requirements increase in each auction stage; therefore, it is especially important for bidders to check current activity during the bid submission period in the first round following a stage transition. Bidders who do not wish to submit any new bids in that round can confirm their current activity level (measured in terms of their standing high bids) telephonically or electronically through the FCC remote access system by entering the bid submission module and

comparing the current activity to the activity required.

Bidders will be provided five activity rule waivers that may be used in any round during the course of the auction. If a bidder's activity level is below the required activity level a waiver will be applied automatically, if a bidder still has waivers remaining and does not submit a bid or an automatic waiver override. That is, if a bidder fails to submit a bid in a round or does not submit an automatic waiver override, and its activity level from any standing high bids (high bids at the end of the bid withdrawal period in the previous round) falls below its required activity level, a waiver will be applied automatically. A waiver will preserve current eligibility in the next round. An activity rule waiver applies to an entire round of bidding and not to a particular BTA service area. An automatic waiver invoked in a round in which there are no new valid bids will not keep the auction open.

Bidders will be afforded an opportunity to override the automatic waiver mechanism if they wish to intentionally reduce their bidding eligibility and do not want to use a waiver to retain their eligibility at its current level. If a bidder overrides the automatic waiver mechanism, its eligibility will be permanently reduced and it will not be permitted to retain its bidding eligibility for a previous round.

Bidders also will have the option of proactively entering an activity rule waiver during the bid submission period. If a bidder submits a proactive waiver in a round in which no other bidding activity occurs, the auction will remain open. Therefore in the later rounds of the auction, if a bidder does not intend to bid but wants to ensure that the auction does not close, it should enter a proactive waiver in place of a bid. The submission of a proactive waiver will prevent the auction from closing.

E. Stopping Rules

Bidding will normally remain open on all BTA service areas until bidding stops on every service area. The auction will close after one round passes in which no new bids or proactive waivers are submitted. The Wireless Telecommunications Bureau retains the discretion, however, to keep an auction open even if no new valid bids and no proactive waivers are submitted. In the event the Bureau exercises this discretion, the effect will be the same as if a bidder had submitted a proactive waiver. Thus, if a bidder has any activity rule waivers left, an automatic waiver will be applied if its activity

from standing high bids does not meet its required activity level. Bidders whose activity from the standing high bids does not meet its required activity level and that have no activity rule waivers remaining will have their maximum eligibility reduced according to the activity rules described above.

The Bureau may also declare at any time after 40 rounds that the auction will end after a specified number of additional rounds. If the Bureau invokes this stopping rule, it will accept bids in the final round(s) only for BTA service areas on which the high bid increased in at least one of the preceding three rounds. The Bureau also retains the discretion to close bidding on a particular BTA service area or areas individually. In the unlikely event that the Bureau uses such a market-by-market stopping rule, we would anticipate doing so only after 40 rounds, applying it first to the largest BTAs, and only if three or more rounds have passed without any bids on these BTA service areas.

The Bureau does not intend to exercise these options except in extreme circumstances, such as where the auction is proceeding very slowly, there is minimal overall bidding activity and it appears unlikely that the auction will close within a reasonable period of time. Before exercising these options, however, the Bureau would first attempt to increase the pace of the auction by announcing that the auction will move into the next stage, where bidders would be required to maintain a higher level of bidding activity. Under these circumstances, the Bureau may also first increase the number of bidding rounds per day and increase the amount of the minimum bid increments for those limited number of BTA service areas where there is still a high level of bidding activity.

F. Delay, Suspension or Cancellation of the Auction

The Commission may, by Public Notice or by announcement during the auction, delay, suspend or cancel the auction in the event of natural disaster, technical obstacle, evidence of an auction security breach, unlawful bidding activity, administrative necessity, or for any other reason that affects the fair and competitive conduct of competitive bidding. In such cases, the Commission may, in its sole discretion, resume the auction starting from the beginning of the current or some previous round or cancel the auction in its entirety. The Commission will delay the auction in the event of technical failure involving the

electronic bidding system or the telephone lines.

G. Default and Disqualification Penalties

Any high bidder who defaults by failing to remit the required down payment within the prescribed time or is disqualified after bidding is declared closed will be subject to the penalties described in Section 21.959(a)(2) of the Commission's rules, 47 C.F.R. § 21.959(a)(2). In addition, if a default or disqualification involves gross misconduct, misrepresentation or bad faith by an applicant, the Commission may declare the applicant and its principals ineligible to bid in future auctions, and may take any other action that it deems necessary, including institution of proceedings to revoke any existing authorizations or station licenses held by the applicant. See Second Report and Order in PP Docket No. 93-253, 9 FCC Rcd 2348 (1994), 59 Fed. Reg. 22,980 (May 4, 1994) at ¶ 198.

H. Releasing Bidder Identities

Bidders' identities and FCC Account Numbers will be disclosed prior to the auction. Thus, bidders will know in advance of the auction the identities of the bidders against whom they are bidding.

V. Post-Auction Procedures for High Bidders

A. Down Payment

The winning bidder for each BTA authorization must submit FCC Form 159 along with sufficient additional funds (a "down payment") to bring the amount of money on deposit with the government to 20% of its winning bid within five business days after bidding is declared closed and the high bidders are announced by Public Notice. However, a winning bidder that is a small business eligible for installment financing will be required to bring its total deposit up to only 10% of its winning bid (less any applicable bidding credits) within five business days after bidding is declared closed and the high bidders are announced. The remainder of the down payment, an additional 10% of the applicant's net winning bid, will be due from the small business winning bidder within five business days following the public notice announcing that its BTA authorization is ready to be issued. See MDS Report and Order at ¶¶ 142-144.

In the event that any winning bidder has withdrawn a bid or bids and is subject to a bid withdrawal penalty or penalties, the bidder's upfront payment will be applied to satisfy such bid

withdrawal penalties before being applied toward its down payment on the authorizations it has won.

B. Submission of Long-Form Application (FCC Form 304) or Statement of Intention

Within 30 business days after bidding is declared closed and high bidders are announced, a winning bidder must timely submit for each BTA service area for which it is the winning bidder wither: (i) a properly completed FCC Form 304 application for an MDS station license within the BTA service area; or (ii) a statement of intention with regard to the BTA service area, showing the encumbered nature of the BTA, identifying all previously authorized or proposed MDS and ITFS facilities, and describing in detail the winning bidder's plan for obtaining the previously authorized and/or proposed MDS stations within the BTA. See MDS Report and Order at ¶¶ 150-154. FCC Form 304s, with the applicable filing fees, must be sent to Mellon Bank in Pittsburgh, Pennsylvania. Statements of intention must be sent to the Office of the Secretary, Attn: MDS Post-Auction Processing Section, Federal Communications Commission, 1919 M Street, NW., Room 222, Washington, DC 20554.

C. Construction Build-out Requirement

Each BTA authorization holder must submit a showing to the Commission five years after the BTA authorization is issued demonstrating that it is providing a signal level sufficient to provide adequate service to approximately two-thirds of the population of the area within its control in the licensed BTA. The holder of the BTA authorization must submit maps and other supporting documents showing compliance with this construction build-out requirement. See MDS Report and Order at ¶ 43.

VI. Bidder Alert

The terms contained in the Commission's Report and Orders, Public Notices and in the Bidder Information Package are not negotiable. Prospective bidders should review these auction documents thoroughly prior to the auction to make certain that they understand all of the provisions and are willing to be bound by all of the Terms before making any bid.

All applicants must certify under penalty of perjury on their FCC Form 175-M applications that they are legally, technically and financially qualified. Prospective bidders are reminded that submission of a false certification to the Commission is a serious matter that may result in severe

penalties including monetary
forfeitures, station license or BTA
authorization revocations, preclusion
from participation in future auctions,
and/or criminal prosecution.

Federal Communications Commission.

William F. Caton,

Acting Secretary.
